

## **Home > Cube ice machine** - Focusun Ice Machine

With leading ice making technology, Focusun cube ice machines produce transparent and sanitary cube ice.

Square cube ice has **three specifications**:

Square ice:28×28×25mm

Square ice:23×23×23mm

Half square:28×25×13mm

**Application:** Mainly for eating, drinks, wines, etc.

### **Cube ice machine:**

Focusun cube ice machines are widely used in hotels, restaurants, bars, fast-food shops, supermarkets and cold drink shops, etc. Focusun ice machines are highly efficient, energy saving, safe and environmentally friendly and are quickly becoming the most popular choice for clients around the world.

### **Features:**

- Hot Freon makes the ice peel off; it only takes as fast as 150-180 seconds.
- The importation of water drain function makes ice cleaner and crystallizes the ice by draining out the water in the cold water tank.
- Evaporator is made of stainless steel SUS304 to meet the sanitary requirements.
