

Ice crusher& compactor - Focusun Ice Machine

To minimize water and energy loss, the ice compactor is a good way to reuse your flake ice. The Focusun ice compactor gives you the flexibility to deliver either flake ice or block ice. It is very easy to install.

The Focusun ice crusher allows you to make crushed ice within few minutes. You can keep cool your fish and seafood, but also serve drinks and frozen cocktails.

The main parts of the machines are made by stainless steel SUS304 to avoid rust and to keep the ice sanitized.
